ENGINEERS BOARD OF KENYA
Enhancing Professionalism

REQUIREMENT FOR REGISTRATION AS CONSULTING ENGINEER

Section 7 (1) (a) of the Engineers Act 2011 states that the functions and power of the Board shall be to receive, consider, make decisions on applications for registration and register approved applications.

Also, section 16 (b) states that a person shall be eligible for registration under the Act as a consulting engineer if that person:

(i) has practised in a specialized engineering field as a professional engineer for a period determined by the Board; and

(ii) has achieved a standard of competence to enable him to practise as a consulting engineer in that particular specialization.

Rule 3 (1) (b) of the Engineers Rules 2019 states that a person who wishes to be registered as a consulting engineer under section 17 of the Engineers Act 2011 shall:

(i) submit an application for registration in FORM EBK 2 set out in the First Schedule;

(ii) provide certified copies of certificates and such other documents as are necessary to prove qualification for registration under section 16(b) of the Act;

(iii) demonstrate the achievement of practical experience as a registered professional engineer for in at least five consecutive years immediately preceding the application; and

(iv) undertake and pass a professional interview to satisfy the Board on the applicants professional competency.
